     Could you please think about what the DCI
should say in response to the attached? Why
don't we get together sometime Tuesday afternoon,
25 June, to discuss and perhaps you can bring
along a few paragraphs that you think might
fill the bill.

SUBJECT: Central American Economic Development

Our recent discussion on Central American economic development
underscored the scope and magnitude of the problems
confronting us as we seek to improve regional security and
economic prospects. I was encouraged by the range of
imaginative ideas suggested at the meeting and urge each of
you to give further thought to practical areas of assistance
which your departments might be able to undertake within
existing budget constraints.

We have an important obligation to ensure that one of the
legacies of this Administration is improved prospects for
peace, democracy and economic progress for the people of
Central America. I ask all of you to help in this task.
Please let me have your comments before the end of June.

Thank you.
